NEW BENEFIT – Telemedicine: Call a Doctor 24/7

Benefits

Basic travel protection for travelers: short-term serving 30 days or less; long-term serving 30 days or more.

- The accidental death and dismemberment benefit for those under age 10 and Age 70+ is \$10,000.

This is basic travel protection at a competitive cost for mission activities and related projects within the U.S. and Canada. Benefits become effective for each eligible person on the date a completed enrollment form is received by the company and are provided for covered activities only. Benefits end on the earlier of the termination dates or the date the person ceases to be eligible.

Accidental death and dismemberment benefit and paralysis benefit

If injury to the person shall result in one of the following losses within 365 days from the date of covered accident, the company will pay the percentage of the principal sum specified below:

LOSS OF	PERCENTAGE OF PRINCIPAL SUM	
	Plan A+ AND A	PLAN B
Life	100%	100%
Two hands, two feet or the sight of both eyes	100%	100%
One hand and one foot	100%	100%
One hand and the sight of one eye	100%	100%
One foot and the sight of one eye	100%	100%
One hand, one foot or the sight of one eye	50%	50%
Thumb and index finger	25%	25%
Quadriplegia	300%	100%
Paraplegia	200%	75%

“Loss” shall mean, with reference to hand or foot, complete severance through or above the wrist or ankle joint; with reference to sight of any eye, the entire and irrecoverable loss of sight thereof; with reference to thumb or index finger, severance through or above the metacarpophalangeal joint; with reference to quadriplegia, the complete and irreversible paralysis of both upper and lower limbs; with regard to paraplegia, the complete and irreversible paralysis of both lower limbs; and with regard to hemiplegia, the complete and irreversible paralysis of upper and lower limbs on one side of the body. If more than one of such specified losses shall result from the same accident, only one amount, the largest, shall be paid.

Permanent total disability benefit

When, as the result of injury and commencing within 90 days of the date of accident, a person is **totally and permanently disabled** and prevented from engaging in each and every occupation or employment for compensation or profit for which reasonably qualified by education, training or experience, the company will pay, provided such disability has continued for a period of 12 consecutive months and is total, continuous and permanent at the end of this period, the principal sum less any amount paid under the accidental dismemberment indemnity coverage as a result of the same accident, at a rate of 1% per month for 100 months.

Accidental medical expense benefit

If injury to the person shall require treatment by a physician, the company will pay the usual and reasonable covered expenses actually incurred after the satisfaction of the deductible for such services, treatment or supplies up to the maximum amount, provided the first expense is incurred within 30 days of the accident causing injury. The expenses must be incurred within 52 consecutive weeks after the date of accident.

- There is a **sickness** sublimit of \$2,500 provided under **Plan A+ and A only**.
- There is an **emergency transportation** benefit of \$25,000 provided under Plan A+ and A only.

Medical and transportation benefits are payable only in excess of any expenses payable by other valid and collectible protection. Benefits cannot be combined and will not exceed the limits outlined under any circumstance.

The aggregate limit of indemnity of \$1,000,000 shall be the total limit of the company's liability for all indemnities payable with respect to all persons arising out of injury sustained by two or more persons as the result of any one accident.
